5. Enter the respective Email ID & click on the **Send Password Reset link button**.

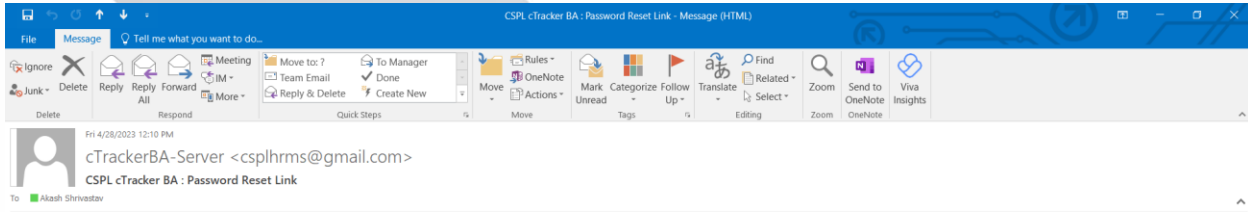

The screenshot shows a web form titled "CSPL cTracker BA" with a sub-heading "Forgot Password". Below the title is an "Email" label and a text input field containing "documentation@condotsystems.com". A red button labeled "Send Password Reset Link" is positioned below the input field, with the CONDOT SYSTEMS PVT. LTD. logo to its right. At the bottom of the form is a link that says "Go Back To Login Page".

6. Below popup will display on screen.

7. Password Reset link will send to respective email ID as per below Image.

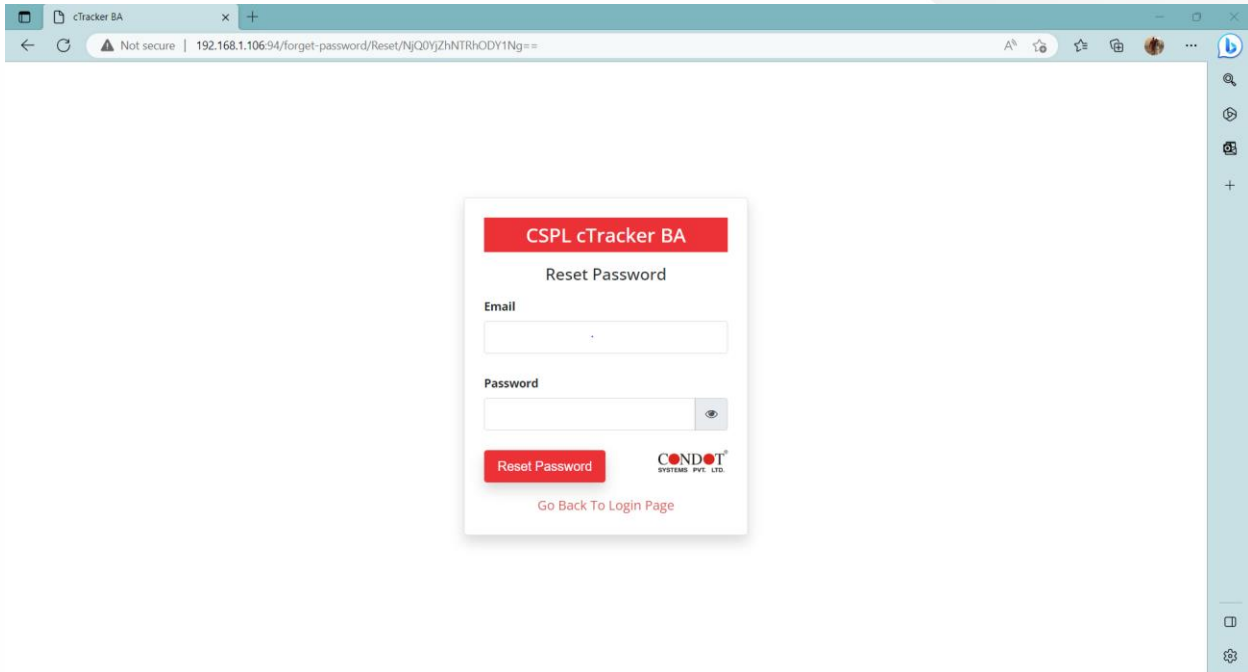

CSPL cTracker BA : Password Reset Link

Click On Below Link To Reset Your Password

[Click Here](#)

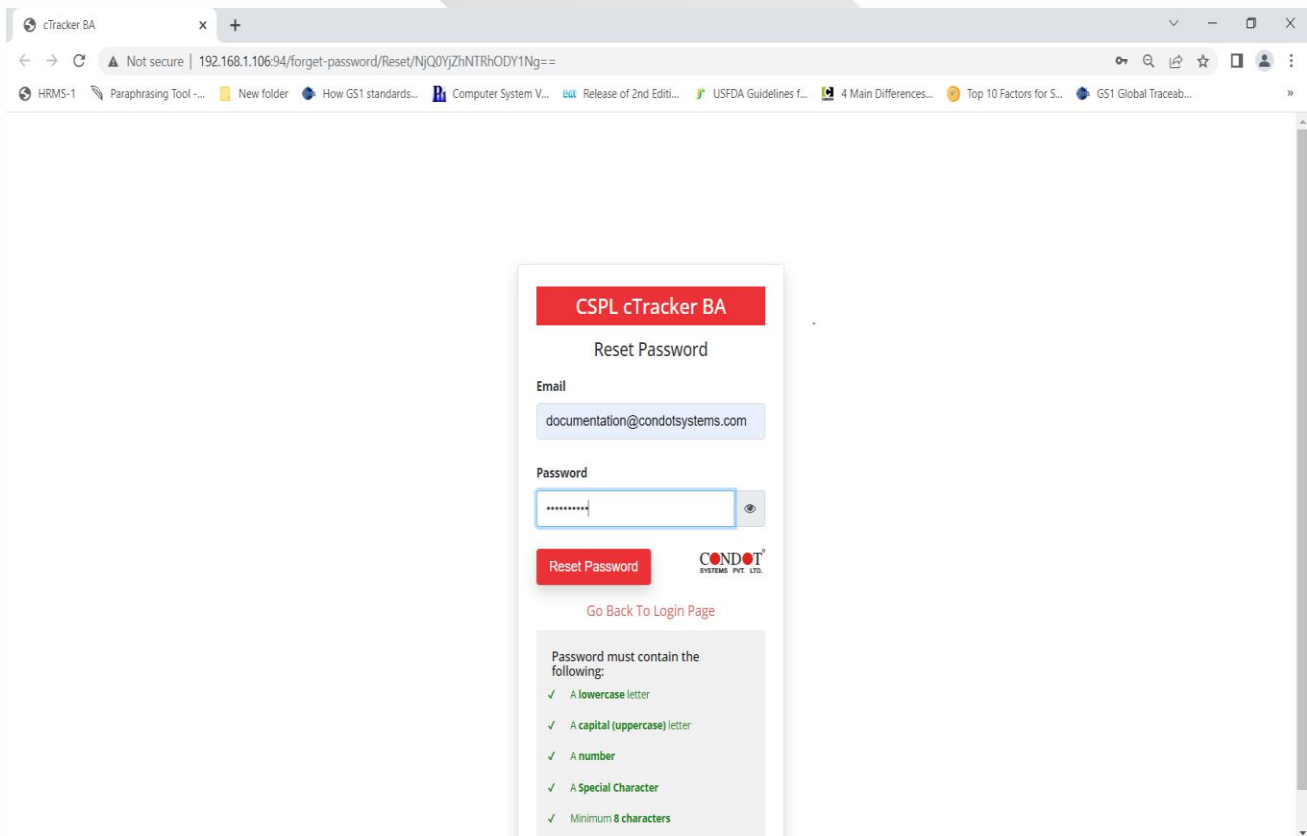

7. Click on that link to reset the password. A new window will appear with Email & Password.

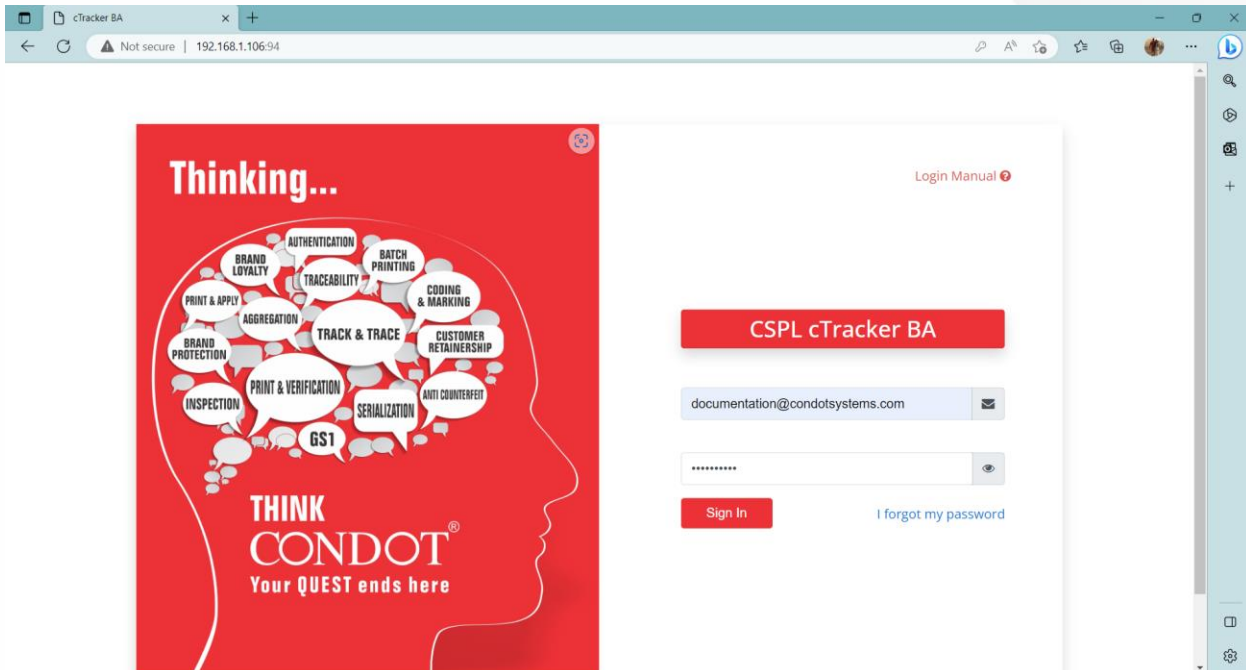

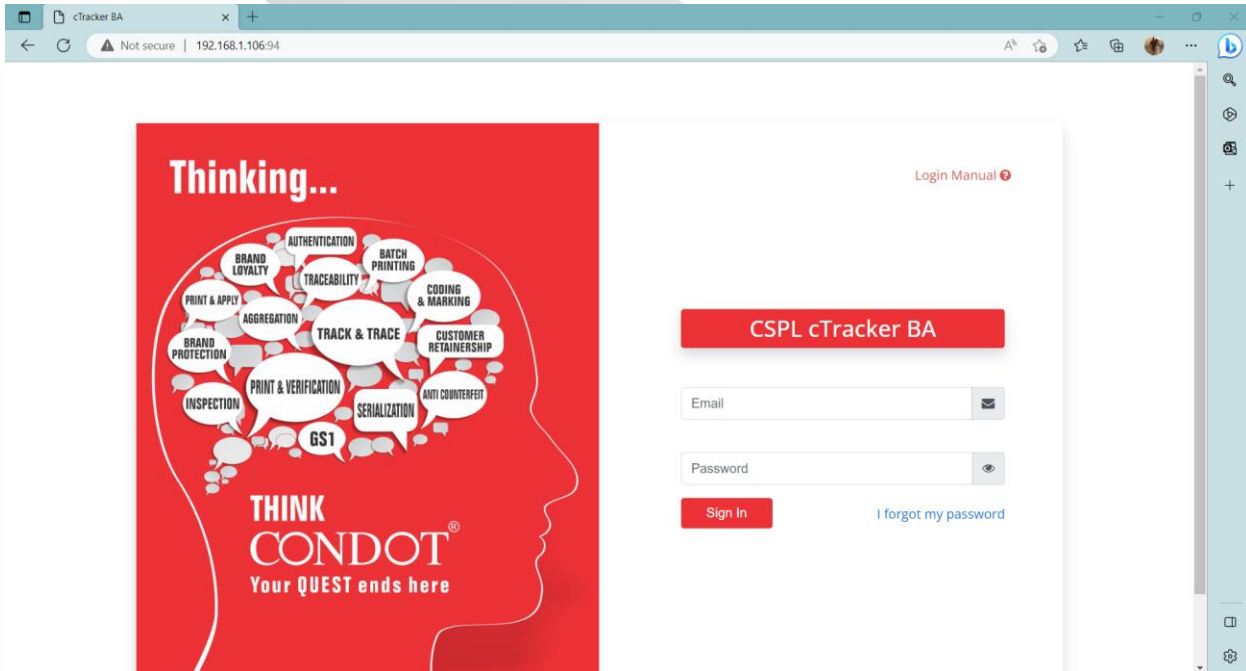

8. Enter the new password and the correct email address. When changing the password, it needs to include the following:

- A Lower case letter
- A capital upper case letter
- A number
- A special character
- Minimum 8 character

9. Click the Reset Password button now. The new password will be updated, and the existing password will be reset.

10. Now go to the cTracker BA application, sign in using your proper email address and updated password, and click Sign in. Refer the screen.

11. After successful login, cTracker BA application dashboard will open.
